112	1	Contract Authority for Columbia Class Submarine Program	This legislative proposal would permit the Navy to enter into one block buy contract for up to two COLUMBIA class submarines (SSBN 826 and SSBN 827), providing industrial base stability, production efficiencies, and cost savings when compared to an annual procurement with options cost estimate.	2/28/2020
311	3	Regulation of Discharges Incidental to the Normal Operations of a Vessel of the Armed Forces under the Federal Water Pollution Control Act	This legislative proposal would avoid duplicative regulation under multiple environmental statutes and treats discharges from Vessels of the Armed Forces similar to Commercial vessels.	2/14/2020
312	1	Updating Indemnification of Transferees of Closing Defense Property	This proposal would update and clarify section 330 of the FY 1993 NDAA to address three issues: (1) the duty to defend requirement; (2) funding for indemnification; and (3) cases extending Section 330's requirements to cleanup costs. Since its passage over 25 years ago, DoD has had a limited number of requests for DoD to "defend" a private party identified in subsection (a)(2). DoD, however, is not authorized to represent these private or State parties, and lacks independent litigation authority in accordance with 5 U.S.C. 3106. The President's signing statement for the FY1993 NDAA contained specific statements concerning Section 330's duty to defend, including that "the Secretary of Defense will 'settle or defend' claims in litigation through attorneys provided by the Department of Justice." DOJ conducts all litigation in which DoD has an interest or is a party in accordance with 28 U.S.C. 516 and has determined that it is unable to defend the enumerated entities in Section 330 due to inherent conflicts of interest. For these reasons, DoD is proposing to delete the duty to defend requirement from subsections (a)(1) and (b)(4) in Section 330, as it cannot be practically implemented. The duty to "hold harmless and indemnify in full" remains in Section 330.	3/6/2020
331	1	Repeal of Statutory Requirement for Director of the Defense Logistics Agency to be Notified Three Years Prior to Implementing Changes to Any Uniform or Uniform Component	This legislative proposal would repeal subsection (a) of section 356 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which requires three-year advance notice to the Defense Logistics Agency before implementing a change to any uniform or uniform component.	2/14/2020

403	1	Modification of the Authorized Number and Accounting Method for Senior Enlisted Personnel	This proposal would change the method of calculating the authorized number of senior enlisted members in the grades of E-8 and E-9 from the daily average to an authorized end strength and would increase the authorized number of members in the grade of E-8 from 2.5 percent to 3.0 percent of the total number of enlisted members. Additionally, this proposal would authorize a Secretary of a military department to increase the authorized end strength of E-8s and E-9s by 0.25 percent when the Secretary of a military department determines that such an increase would enhance manning and readiness in essential units or in critical specialties or ratings.	2/28/2020

This ensures the active component will have the advice from reserve component leadership on their capabilities and other reserve matters; and also directly affects joint experience for the reserve component on the Joint Staff and in Combatant Commands.	2/14/2020
512	1	Change to Payment of Certain Reserves While on Duty	This proposal would modify the pay and compensation waiver order provisions of 10 U.S.C. § 12316. Specifically, it would modify the existing priority of payments so that a Reservist of the Army, Navy, Air Force, Marine Corps, or Coast Guard who is entitled to retired or retainer pay and who performs paid reserve duty, would be paid (receive compensation) for their reserve duty unless the reservist elects to waive that compensation to receive the retired or retainer pay. This proposal would also make clear that a Reservist in the circumstances described above may receive either (1) the pension or disability compensation to which they are entitled because of his or her earlier military service; or (2) the pay and allowances authorized by law for the duty the reservist is performing, but not both.	3/6/2020

This proposal would also require secondary schools to provide student information within 30 days of a request from a military recruiter. Additionally, this proposal would require colleges and universities to provide student directory information within 30 days of the start of a school year or 30 days after the date of a recruiter's request as well as "stop-out" lists of those students who do not return to the institution from the previous semester.	2/28/2020
