(U) DECLASSIFICATION DETERMINATION

I have determined, pursuant to section 142c of the Atomic Energy Act of 1954, that the following information can be published without undue risk to the common defense and security of the United States, and can, therefore, be declassified and removed from the category of Restricted Data:

Declassify the static and dynamic equations of state for $71 < Z < 90$ for pressures > 10 Mbar.
